Hobbies
— Self-studying various aspects of web technologies
— Developing and working on side projects and challenges
— Learning from others
— Personal development

Profile

Knowledgeable in **ReactJS, JavaScript, HTML & CSS, Git, GitHub, Bootstrap, and SASS**. I also have some experience with **Java and PostgreSQL**. I enjoy coding and learning new things; it's my passion. I love learning every day and engaging with people who share similar interests. I am self-motivated, easily adaptable, and meticulous about details. I dream of becoming a full-stack developer; I believe consistency and passion for what I do will lead me there in no time. Willing to adopt new technologies.

- **Portfolio**: Here are some of my projects that I've created.

Education

Bachelor of Science in Computer Science, Emilio Aguinaldo College - Cavite, City of Dasmariñas

August 2021 — June 2025
